Erratum: Phytochemical analysis and evaluation of Antioxidant potential of ethanolic extract of *Allium cepa* and ultra-high homoeopathic dilutions available in the market: A comparative study

In the article titled “Phytochemical analysis and evaluation of antioxidant potential of ethanol extract of *Allium cepa* and ultra-high homoeopathic dilutions available in the market: A comparative study”, published on pages 88-96, Issue 2, Volume 11 of Indian Journal of Research in Homoeopathy, the references are missing in Introduction part, which are mentioned below under their respective headings:

1. **Preparation of onion extract:**
   Eltaweel, Mohamed. “Assessment of Antimicrobial Activity of Onion Extract (Allium cepa) on Staphylococcus aureus; *in vitro* study.” *International Conference on Chemical, Agricultural and Medical Sciences (CAMS-2013)* Dec. 2013

2. **Determination of the antioxidant potential**

3. **Total phenolic content**
